

CNC MACHINE mod. FT48/76
for rolling shutters axis fabrication

DESCRIPTION :

① **Pipes features :**

- pipes \varnothing mm : 48-60-76 x 3.5 mm
- max length on bed mm : 6000

② **Spring recoiling chuck :**

- motor HP : 2

③ **Tailstock :**

- tips for pipes \varnothing : 48-60-76

④ **Machining carriage :**

- carriage stroke mm : 6300
- carriage speed m / 1' : 15
- standard punches N : 4
 - . oval mm : 25 x 11
 - . round mm : 10.5 / 8 / 6,75

⑤ **CNC EC1550R Vidéo PC - colours touch-screen**

- calculation and video display of the axis operations.
- automatic positioning and spring boxes.
- n 6 different motors in library.
- number of spring coilings on display.
- parameters :

- type of spring box (\varnothing and width)
- type of lateral support (with or without return)
- motor type.
- conversationnal programming.
- auto-positionning with video control for the different parts.
- electronic control of tension (optional).

⑥ **Electrical cabinet**

⑦ **Spring boxe Hooks**

⑧ **Hydraulic plant :**

- motor HP : 4
- tank L : 40
