

## PIPES BENDING MACHINE mod.OT14

### TECHNICAL CHARACTERISTICS :

- . Motor HP : 3
- . Production speed m / 1' : 6
- . Set of tooling for machining:
  - steel pipes Ø mm : 14 x 1.2
  - aluminium pipes Ø mm : 14 x 1.5

### Frame :

- welded steel, with large bed which guarantee a perfect stability
- protection housing

### Tooling :

- hard ground and rectified steel

### Mandrel :

- mounted on large watertight lubricated bearings

### Electrical plant :

- motor's thermal protection
- EC conformity

### Support guide :

- With entry guide in Teflon

### ✓ OPTIONAL :

- Pneumatic pliers for OT 14
